

# The NASA Glenn VISITOR CENTER

*Presents*

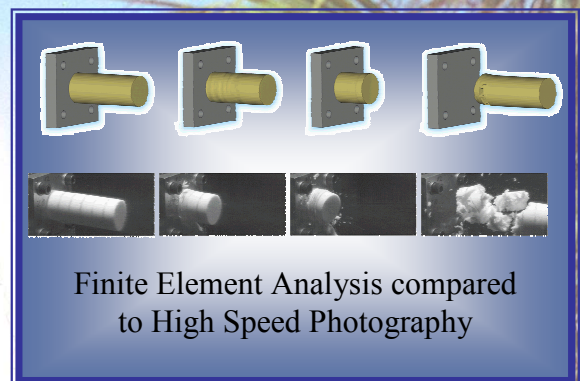

## *Return to Flight*

**Saturday, September 18, 2004**

**10:00 a.m. to 3:00 p.m.**

NASA Aerospace Engineer Matt Melis will review the Columbia Accident Investigation Board (CAIB) findings and Return to Flight (RTF) of the Space Shuttle at 11:00 a.m. and 1:00 p.m. Melis is a member of the team that conducted ballistic impact testing and analysis in support of the Columbia investigation and on-going Return to Flight activities. His dynamic presentation will explain exactly what happened during the Columbia accident and what NASA is doing now to return the Space Shuttle fleet to flight.

*Due to the technical nature of the presentation, it is recommended for ages 10+.*

Special event to include the photo booth, kids crafts and activities area, NASA tattoos and decals and plenty of Space Shuttle handouts.

- *Reservations for the presentations are encouraged and can be made by calling (216) 433-9653.*
- *All adult visitors are required to present government-issued photo identification.*
  - *Foreign nationals (subject to restrictions) must present a visa or passport.*

For more information, call NASA Glenn Visitor Center at (216) 433-2000, or follow the Visitor Center link at [visit.grc.nasa.gov](http://visit.grc.nasa.gov)
